

HOLLY ELEMENTARY SCHOOL
4625-62 Street, Delta, BC V4K 3L8
P: (604) 946-0218

Dear Incoming Kindergarten Families,

Welcome to the Holly Community! We are so excited to invite you and your child to our two Starting with Stories Kindergarten events!

Please join us in the Holly Elementary School library where you will have the chance to meet the Kindergarten teachers, the Holly Administrative team, our school counsellor and our District Early Learning Coordinator. Babysitting will be provided for younger siblings.

We will begin our time together with a story and then the teachers will take the children to experience a Kindergarten classroom and play together with their future classmates.

Meanwhile, you'll listen to some of our District professionals share their social-emotional and academic tips for preparing for Kindergarten. Please see the attached document for more information.

The events are being held on:

Monday, May 6th from 9-10 am

Monday, May 13th from 9-10 am

We hope to see you and your child at both events as the content is different. This gives us the opportunity to meet and connect with your family and to balance our class placements for the Fall. At the event, you will receive a take home package with more information about how our Kindergarten programme will be implemented and ways that you can support your child now to prepare them for Kindergarten.

Please RSVP to tharms@deltaschools.ca with the child and parent names who are attending, and well as the names and ages of any younger siblings who will need care while you and your Kindergarten child are in the library. We will send a reminder email in April.

Also, check out more Kindergarten information on our Holly website under the Welcome to Kindergarten tab. There you will find information about an online Preparing for Kindergarten presentation (March 5 or 13) and pictures of our school, Kindergarten classrooms and staff members your child will get to know.

We can't wait to meet you!

Your Kindergarten Teachers,
Tammy Harms and Julia Keller
